Statefields School, Inc.

Bacoor City, Cavite
2021

Science, Technology, Engineering, and Mathematics (STEM) Strand

- With Honors

Internship

Duty Free Philippines Corporation

Parañaque City, Metro Manila
Feb 2026-May 2026

IT Support Intern

- Monitored multi-currency Point of Sale (POS) systems remotely via VNC Viewer, ensuring daily exchange rates were synced accurately to prevent accounting discrepancies.
- Handled the rollout of Windows 11 across legacy corporate PCs, configuring domain settings and installing standardized software to improve enterprise security.
- Provided daily technical support to non-technical teams, like the Cash Management and Records divisions, communicating solutions clearly without heavy tech jargon.
- Set up and managed essential office hardware, including local and Wi-Fi printers, to keep daily retail operations running smoothly with minimal downtime.

Capstone Project

Revolutionizing Guitar Repairs: A Web-Based Service Management System for FretMojo

Jan 2025-Apr 2026

- Managed the development of a full-stack service platform from initial Figma designs to final launch, coordinating the project timeline and technical requirements.
- Built a real-time analytics dashboard using React.js and PostgreSQL to track service progress and provide clear operational metrics for the business.
- Integrated GCash and UnionBank payment gateways to handle secure e-commerce transactions and automate digital receipts for customers.
- Launched "MojoBot," an automated customer service chatbot designed to handle common client inquiries and reduce manual support response times.
